# OUTING ORGANIZATIONAL TIPS

## for charities and fundraisers

### Players

**The single most important key to a successful tournament is to maximize the number of players you have for your outing.** Hosting more players will equate more revenue on your end from golf alone, which will allow your auction/raffle to be more profitable, and could mean a better opportunity for hole sponsors and other donations. To ensure you can maximize your outing field, we recommend you follow these following tips:

- **Start Early:** The earlier you start planning for your outing, the better. This will give you more time to market your event and to fill up your outing field as early as possible.
- **Contact Golfers Directly:** There are many ways in which you can contact golfers to spread the word about your outing. Whether it be through calling them directly, or creating an email database, this form of marketing ensures that the message has been sent directly to potential players for your outing.
- **Have Golfers Pay Ahead of Time:** This cuts down greatly on no-shows and makes life much easier for the organizers the day of the event. Most people do not understand the time and effort it takes to run a successful golf outing. Be sure to let them know how much help it would be for them to pay up front. Most golfers will be more than happy to oblige.

### Sponsors

**Sponsors will be your greatest source of net income.** Recommended types of sponsorships are hole sponsors, golf cart sponsors, beverage cart sponsors, long drive and closest to the pin sponsors, and a Title Sponsor for your golf outing. There really is no end to possible sponsorship opportunities.

Do not purchase raffle/silent auction prizes. We recommend contacting businesses to donate prizes. This will allow your outing to make 100% profit on these donated items. Bent Oak has hosted countless outings that used silent auctions and raffles in order to generate revenue. MANY of these outings discovered that businesses are more than happy to make a prize donation for a good cause. The worst thing they can do is say no, so do not be shy in contacting potential sponsors.

### Other Potential Revenue Generators

- On-Course Contests, ie closest to the pin
- 50/50 Raffles
- Putting Contests
- Sell Mulligans
- Skins Game
- Sell String Length (allow players to pick up their ball up on the green when it's within the length of string)
